For thousands of years, civilizations around the world have acknowledged the existence of 'spirits'. There are good spirits and there are evil spirits. Many places have exhibited the presence of spirits as witnessed by many people. Rather than just "drive by" the places which have exhibited spirits, which have no provisions for a tour, we have decided to visit three places and Bob & Linda will give the tour of a Good spirit a rather Odd spirit and a Curiosity of nature.

#### **17<sup>th</sup> Annual Miata's and Mini's at Hallett**

**From the President of NEO Miata Club: Dear members,** Please don't think this is not for you because it is for every member of our club regardless of your experience and whether or not you have ever been on any track or been to Hallett Motor Circuit (my terms). This is your chance to learn what you can do and what your Miata can do. An experienced driver will take you around the track with you in the passenger seat and give you dual instruction, and then coach you while you drive the track a few times. You will not be turned loose SOLO until you satisfy the instructor that you are capable of operating your Miata safely on your own. This is the thrill of lifetime. I did this with a borrowed helmet and other required equipment. Please read this. Bob
