Our meeting on July 20th was called to order by our Tour Director / V.P., Sam Roop. President Mike V. and his peg-leg mate Paula were still out cruising the high seas of Alaska. (Paula still had a cast on a broken leg!) The usual introductions were made around the room. This time a tip was shared with a fellow member who had purchased a used Miata owned by a smoker. Just place a room ionizer inside the car with the windows up for a day or two.

Officer Reports: None

Bill Curts talked about the trip he and Sonja would be leading that coming Saturday. The drive would start at Nelsons where there would be several cars lined up for viewing. The 1st half of the drive would be leisurely and the 2nd half a little more challenging. There would be some type of shopping available at the lunch stop.

Next , George Walker caught everyone up on his ordeal obtaining a National car racing license. He has been doing really well winning several local and regional races leading to the National level!

The meeting ended unusually early. A lot of people didn't make this July meeting partly because of the very long hot spell of 100 plus days. Rumor had it that Earl Larkin didn't make the meeting because he was supervising a room being painted at home. And Dorothy wasn't there. (I hope she didn't return to the surprise of Harley stencils all over the walls!)
