PRESIDENT'S MESSAGE: LINDA SCHWARZ

Greetings Members,

From time to time, we get phone calls with questions about "Where can I get this or that", or "What can I do about" a particular problem? We have a treasure trove of information available. You can start with our website at neomiata.com. Go to the tab "Garage", then to 'Miata Resources' and you will find the table of contents to choose what you need. For the latest, most current advice come to a meeting! One of our club's primary goals is to discuss and exchange information like this.

Bob recently shared about his purchase of four Michelin Pilot Sport A/S (A/S means "all-season") 3+, and is quite happy with them. Ric shared that he likes his Bridgestone Potenza's. There are several different Potenza's so attend a meeting and let us discuss this. Jerry likes his Vredestein Hypertrac's. All highly rated tires.

How you intend to use them was another discussion. Do not get a "Summer Tire" unless you only intend to use them in the "SUMMER" (those are not good for "WINTER"). Speed rating is another consideration. Go to "Tires" in the table of contents on the website where all tire the numbers are explained. Good stuff. Price, etc.? You will have to shop around. Warranty is another consideration.

Do you need a good mechanic? Bill Curts uses this mechanic. He's listed under Miata Mechanics on our "Garage" tab. Miata Mechanic Specialist Bill Medicine Crow Automotive Repair

Do not forget about our 20% discount coupon that comes with our monthly Newsletter, from Nelson Mazda for parts and labor (except oil changes and tires).

Hope to see you at our August 20 meeting. The room is large enough you can "social distance" yourself and still enjoy getting out.
